

EBESA Open Day 2016

Environmental and Biosystems Engineering Students Association (EBESA) held their Annual Open Day on 2nd April 2016 at Upper Kabete sports complex. There was several sports activity lined up for the day.

These included semifinals in football, short races, egg race, eating competition and indoor games such as scrabble, checkers and chess.

The students later elected the officials who will spearhead the organization for the next one year.
